His Excellency
Shri Taranjit Singh Sandhu
Embassy of India
2536 Massachusetts Ave. NW,
Washington, DC 20008

SUBJECT: Prayer for Govt. of India to Send a Non-Partisan Fact-Finding Team to Manipur to Investigate the Ethnic Cleansing by the Meiteis of the Minority Hill Tribals.

Shri. Ambassador Sandhu,

The North American Manipur Tribal Association, a non-profit organization formed by North American immigrants from the hill tribes of Manipur in India, would like to bring to your attention to the events that took place on the night of May 3rd, 2023.

Tribal localities within the greater Imphal valley were attacked by mobs believed to be of the Meitei communities. The tribal people, including the mothers of the undersigned and their families, were driven out from their homes, hunted by the mobs, their houses looted and burned, and wanton destruction unleashed on their properties. The violence continued unchecked on May 4th, in what can only be regarded as “ethnic cleansing”

An estimated 122 churches have been burned, over 2,700 tribal homes were burned and looted, and over 25,000+ have been made homeless and over 73 innocent lives were lost by the violence unleashed by Meitei mobs.

These are rather dry statistics, let us tell you how real it has been for us, and our loved ones on the ground.

The 87-year-old mother of Ms. Niang Hangzo, 1989 alumni IIT, Delhi, the families of her sister, three brothers and four children under the age of five were rendered homeless. They lost their homes and properties, and the horrific night they experienced is still too traumatic to share in detail.

Across the street, the family and home of Ms. Florence Lowe (nee Gwite), alumni of JNU, MCA class of 1996, was attacked by the same mob. The family home bought by her parents at the retirement of her father, the late Mr. T. Gwite, 1973 Indian Police Service officer, was set on fire. The Gwite family, Ms. Lowe's 77 year old mother, four children, three under the age of six and one teenager, sister-in-law, their 7-month pregnant renter and her husband, fled and hid in a Hindu neighbor's house, and were hunted by the mob before they could be rescued by commandos organized by her brother, who is an MPS officer posted in a different district and not at the family home at the time.

Each NAMTA member has similar harrowing stories of family members who had to flee and take refuge in the camps in Imphal city, many of whom are still in these ill-provisioned, under-secured camps, while others have left the state.

The State of Manipur's position that normalcy is returning is not correct. People are afraid to move around the state and are in fear for their lives. Attacks continue at the edge of Churachandpur district, bordering the Meitei-dominated district of Bishenpur. There are reports of imminent attacks by the Meiteis planned for Kangpokpi and Churachandpur districts.

We respectfully urge you to request the Central Government to send a non-partisan, fact-finding team to visit the state, and see the tribal localities destroyed, the churches burned, and the damage to homes, vehicles, and property. Manipur continues to be in a volatile state, rife with misinformation/disinformation from the state government, the Meitei militant groups, and others. We at NAMTA believe that an objective site visit will reveal the truth, and only then can peace and healing begin.

Your sincerely,
